## Cloudscape<sup>®</sup> Ceiling Baffles

Designed to solve intelligibility problems in large to small spaces. Vibrant colors.

## ToneTiles<sup>™</sup> Acoustical Panels

White panels suitable for painting or printing.

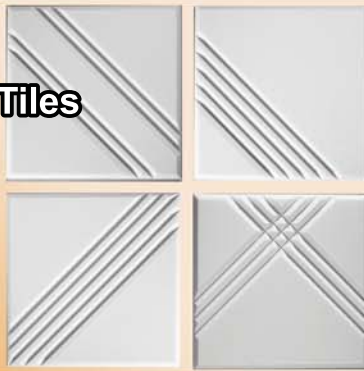

## Silent Pictures<sup>®</sup> Acoustical Panels

Factory printed from customer supplied artwork.

## Cloudscape<sup>®</sup> Ceiling Tiles

Class 1 Melamine tiles with NRC = 0.80. Six unique patterns.

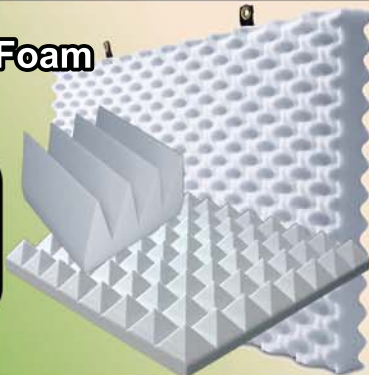

## StratiQuilt<sup>™</sup> Fiberglass Blankets

Industrial grade noise control available in full rolls or finished blankets.

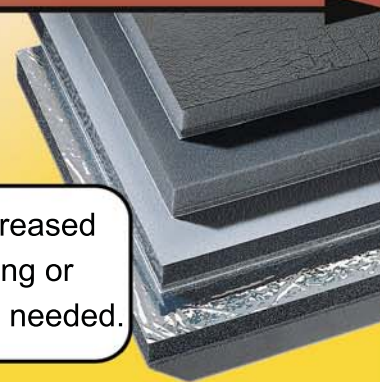

## FireFlex<sup>™</sup> Acoustic Foam

Lightweight open cell foam. Class 1 alternative to traditional foam.

## Composites

For applications where increased absorption, vibration damping or sound transmission loss is needed.

## Cutting Wedge<sup>®</sup> & Cutting Wedge 2000<sup>®</sup>

Installs seamlessly. Stackable for increased bass control.

## Isolation Products

Decouple & interrupt structure-borne noise.

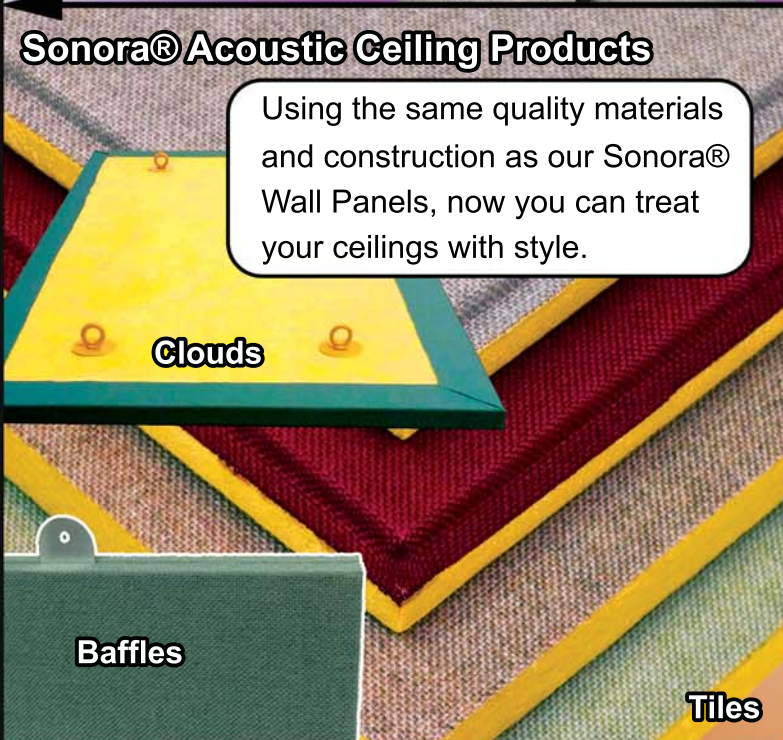

## Sonora<sup>®</sup> Acoustic Wall Panels

Reduce echo and reverberation. Manufactured from high density glass fiber board and wrapped in acoustically transparent fabric.

## Geometrix™ Broadband Absorber

Broadband absorption with extra bass control. Quarter and Half round.

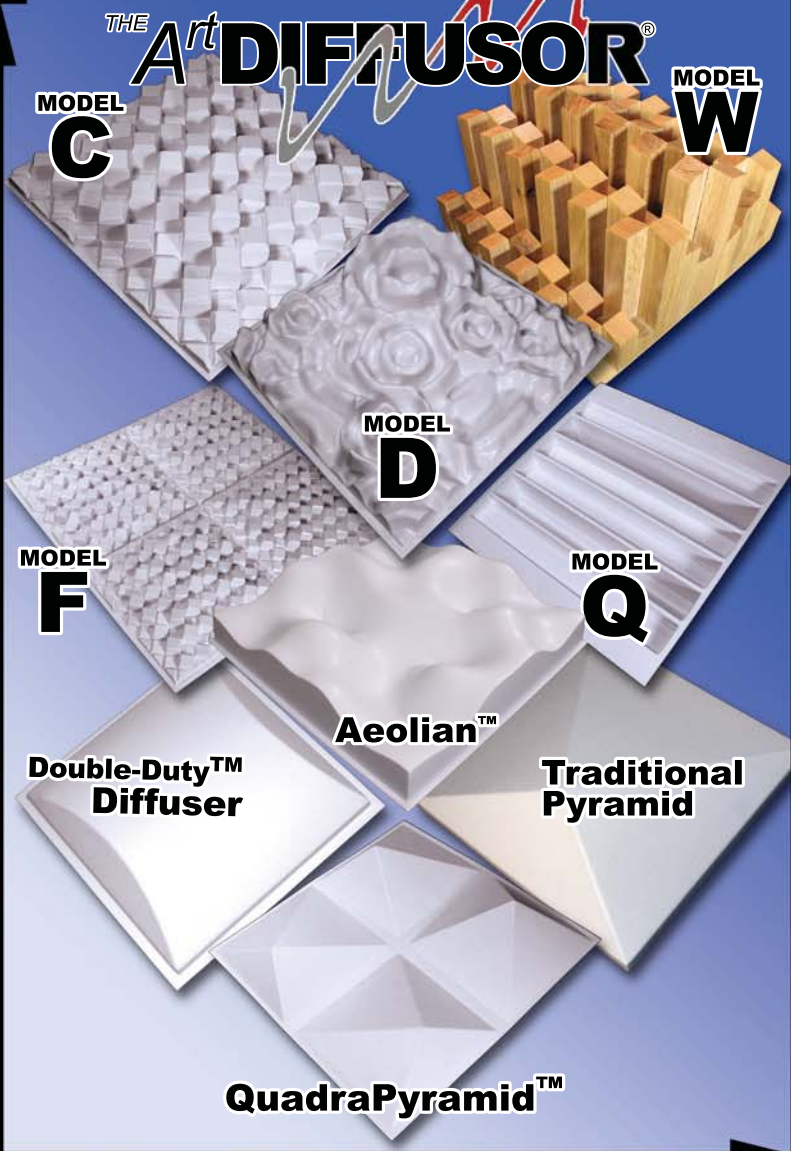

## Sonora<sup>®</sup> Acoustic Ceiling Products

Using the same quality materials and construction as our Sonora<sup>®</sup> Wall Panels, now you can treat your ceilings with style.

## THE Art DIFFUSOR<sup>®</sup>

MODEL C

MODEL W

MODEL D

MODEL F

MODEL Q

Double-Duty™ Diffuser

Aeolian™

Traditional Pyramid

QuadraPyramid™

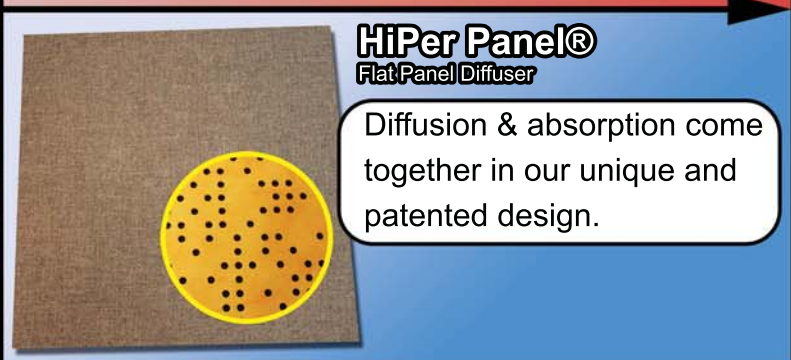

Type A

## Art DIFFUSOR Trim

Type B

Acoustic control in a versatile building material - with two quadratic profiles available.

## HiPer Panel<sup>®</sup> Flat Panel Diffuser

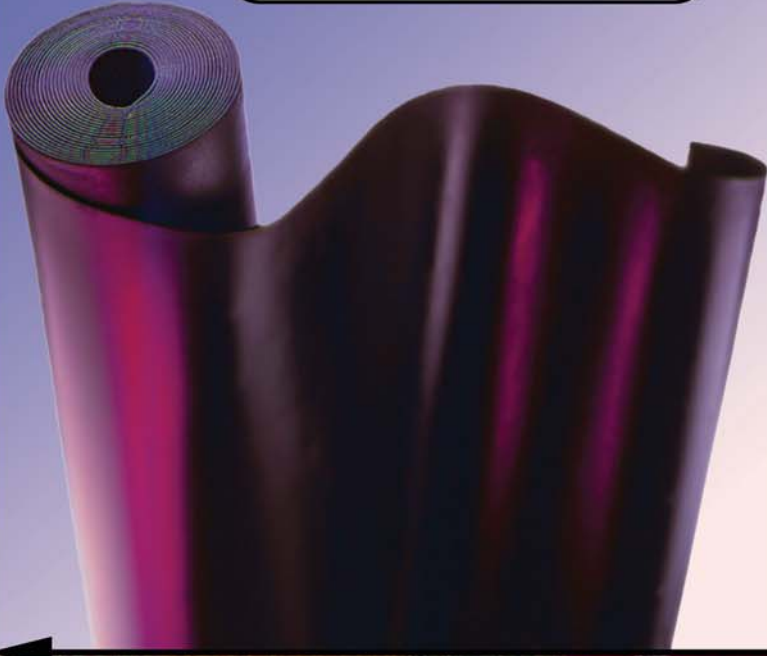

Diffusion & absorption come together in our unique and patented design.

## BlockAid<sup>®</sup> Vinyl Sound Barrier

0.125" Thick - STC 27

Block unwanted noise and reduce sound transmission without reducing space.

## Guilford of Maine<sup>®</sup> - FR701<sup>®</sup> Fabric

Over 50 different colors allow for a wide variety of design possibilities.

## Sound Channels<sup>®</sup> Acoustical Wall Covering

A dimensional fabric that offers excellent acoustical properties, unmatched fade resistance, and a Class A fire rating.

## Guilford of Maine<sup>®</sup> - Anchorage Fabric

Use vibrant colors like "Sunshine" and "Green Apple" to add visual excitement.
